

PLANS ARE BEING LAID FOR THIRD LIBERTY LOAN

Organization of Committees Will Be Completed in Richmond in Next Few Days.

CAMPAIGN WILL OPEN APRIL 6

Treasury Department Plans to Make Day Memorial Because of First Anniversary of America's Entrance Into European War.

Organization is quietly being made for the floating of the third Liberty loan in Richmond. It was announced yesterday that John Kerr Branch, who has been selected as chairman by the State committee, will shortly name the members of the Richmond committee, who will be entrusted with the task of selling the bonds in the approaching campaign and organizing the details for the drive. When the real work of placing the bonds in the hands of investors comes, there will be a well-selected committee of fifty or sixty local men and women to conduct the work.

No date has been definitely set for the campaign, but it is the plan of the Treasury Department if all matters regarding the issue can be arranged by that time to make April 6 a memorable day in the history of the nation. The formal declaration of war by the United States and Germany, but also as the day on which the third Liberty loan campaign was set in motion.

CARNEY WILL ACT AS EXECUTIVE MANAGER

W. T. Darney will continue as executive manager of the third Liberty loan, and while not ready at this time to announce just how the great issue will be placed before the people, he estimated yesterday that every point would be strained to have Richmond overstep her former excellent record in subscribing to the bonds which are now being offered to the public.

It was planned by the Treasury Department to send its Liberty loan speakers here on a second tour preliminary to the opening of the campaign here, but this scheme was abandoned when it was learned that working at this time would not be in harmony with the plans of the local committee and manager.

Speakers will be sent through the South this week. The tour will begin in Newport News and Norfolk Tuesday. Other dates are: Petersburg, March 20; Lynchburg, March 21; Danville and Greensboro, March 22; Durham and Raleigh, March 23; Charlotte, March 24; Charleston, March 25; Columbia, March 26; Greenville and Spartanburg, March 27; Greenville and Thomas, March 28; Rome, Ga., March 29; Asheville, April 1; Salisbury, N. C., April 2; Rock Hill, S. C., April 3; Charlotte, April 4; Winston-Salem, April 5; Roanoke, April 6; Charlottesville, April 7.

HOUSE BURNS DOWN

Dwelling of R. C. Burnett, in Highland Springs, Is Destroyed—Fire Apparatus Out of Commission.

An eight-room frame dwelling in Highland Springs, valued at \$1000, belonging to R. C. Burnett, yesterday afternoon caught fire, and at 6:30 o'clock and a half to the ground within an hour. The progress of the flames was accelerated by a strong current of wind.

The chemical engine of the community proved ineffective because of the fact the chemical supply had become exhausted. Long illness and neglect had caused the apparatus to be in such a condition as to make it impossible to use other fluids.

According to a prominent citizen in the community, the last fire of any consequence in Highland Springs occurred about three years ago, when the engine was of an unquestionable value in extinguishing the flames. He said also that had proper care been taken of the engine this fire could have been put out within a short time after it started, in spite of the high wind.

Minutemen for Thrift Stamps.

Children of the city have taken hold of the war saving stamp issue with the enthusiasm of youth. In the city schools they are doing wonderful work, but it has remained for Rosalee Sommers, thirteen years of age, who lives with her parents, brothers and sisters at 405 East Clay Street, to evolve the original idea of a minuteman show in her back yard, where with local talent exclusively, herself, her brother, Simon Sommers, and two little neighbor children, Willie and Sam Plonk, they will do minuteman stunts Tuesday afternoon beginning at 4 o'clock, the admission fee being one penny. Miss Sommers will have a talk on war saving stamps and will exhibit her thrift card.

Novelty Dance in Armory.

The Richmond Lyceum Association will give a novelty ball at the Gray's Armory next Saturday night. It will be a novelty ball in that there will be continuous dancing and continuous music furnished by a band and an orchestra stationed at opposite ends of the hall. The ball will be given just after the Lenten season is over. Dancing will begin at 8:30 o'clock and will continue until 1:30 o'clock.

MISSIONARY MASS-MEETING TO BE HELD APRIL 14

Episcopal Sunday Schools of Richmond Will Meet in St. Paul's Church.

The program committee of the diocesan board of religious education has perfected plans for the missionary mass-meeting of the Episcopal Sunday schools to be held at St. Paul's Church April 14 at 3:30 o'clock. At that time, announcement will be made of the combined Lenten offerings and a symbolic design will be created to show the unity of the Sunday schools and the power of combined effort.

The speaker at this service will be Dr. William C. Sturgis, educational secretary of the board of missions, of New York. Dr. Sturgis is a man of magnetic personality and a dynamic speaker, and the committee considers it a rare privilege to have him here on this occasion.

His engagements while in the city will be at the following times and places:

PROTEST AGAINST SUNDAY THEATRICALS IN CAMP

Colonel Massie, Chairman of Camp Community Service, Writes General Drett at Camp Lee.

Colonel Eugene C. Massie, State chairman of Camp Community Service, has written a letter of protest to Brigadier-General Lloyd Drett, of Camp Lee, in response to the recent announcement that the Liberty Theater would stage theatrical performances on Sunday to provide amusement and recreation for the soldiers at the camp. He deeply deplored the situation and feared that this desecration of the Sabbath would induce the boys at the camp to adopt the German attitude toward its observance. He further stated that such a procedure was in violation of American traditions and lay at the bottom of all that Kultur would inculcate.

The letter, in part, reads as follows: "Permit me to suggest that the citizens who subscribed for the smile-ange books never dreamed that they would be used for the desecration of the Sabbath. It occurs to me that the splendid auditorium just built at Camp Lee could be put to high service. This far surpasses frivolous vaudeville or moving pictures in fitting the men for trench or open warfare. "Is it too much to ask that respect be paid to the fact that America is, as Mr. Brewer has declared, a Christian nation?" "Why should the government of the United States teach the millions of young men who will soon control her destiny, both at home and abroad, that the faith of their fathers has become ridiculous. The men who founded the government were God-fearing men. Yet Major-General Crankhite says, 'Non-sense' when citizens protest against Sunday theatricals at Camp Lee."

Trucks Leave for Newport News.

That driving army trucks by their

own power nets a considerable saving over railroad transportation, was the statement yesterday morning of Captain E. T. Barclay, who was in charge of the train of thirty-two huge army trucks that arrived in Richmond Friday en route to Newport News. The trucks left this city yesterday morning shortly after 8 o'clock and arrived in Newport News late yesterday afternoon.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning; wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach. To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate, which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant. Men and women who are usually constipated, bilious, headache or have any stomach disorder should begin this inside bathing before breakfast—Adv.

\$105,408.00 Shoe Sales by One Salesman in One Month
Instead of \$100,000.00 in One Year

A great deal of advertising is being done in shoe trade circles on the subject of \$100,000.00-a-year shoe salesmen. \$100,000.00 worth of shoe sales to retail trade in one year is an excellent business which indicates a high order of salesman-ship and deserves attention.

This advertisement is inserted to give the facts of two of the most remarkable sales records in the history of the shoe business.

Our Mr. S. J. Cullum, of Augusta, Ga., sold \$105,408.00 worth of Miles' Shoes in the month of February, 1918,—no rubbers, mail orders, or house orders included. Our Mr. P. J. Maxwell, of Florence, S. C. (who was delayed three weeks in starting because of sickness), sold \$26,367.00 worth of Miles' Shoes in the last week of February.

Every dollar of this business was sold straight-out on the road, and if anyone thinks there is the slightest exaggeration in this announcement he is cordially invited to call at our office and see the orders.

A significant and gratifying fact about these remarkable sales records is that practically all the goods were sold to merchants who have bought the line for several years. Many of them have bought it ever since this business was established. They are merchants of high position—keen judges of values—of splendid credit standing and generally recognized as ranking among the leaders in their section.

It is also gratifying that these sales records were made by two salesmen who started with our company when it was first organized.

Such an achievement of course was only possible with salesmen of pre-eminent ability, selling a line of most unusual strength in every particular. A vivid demonstration of what can be accomplished by such a combination when backed up by service such as ours!

Shoe Merchants: We Believe We Can Help Increase Your Shoe Sales!

If any merchant who reads this is not quite satisfied with the progress of his shoe business, it will pay him to learn something of the line of which one salesman can sell \$105,408.00 worth in one month, and another salesman can sell \$26,367.00 in one week to a splendid class of successful merchants who know the goods and service from actual experience and who continue to order, because of what that actual experience has shown them.

A simple postal card request will bring you further information which may have the effect of putting new life and strength into your shoe business.
